Biography

Dr Eugene Tay is the Medical Director and Consultant Ophthalmologist at Singapore Vision Centre (SVC), a Singapore Medical Group (SMG) Clinic.

He was previously a Consultant Ophthalmologist at the Laser Vision Centre, Singapore National Eye Centre (SNEC).

Dr Tay specialises in cataract surgery, glaucoma management, retinal disease management, laser refractive surgery including ReLEx® SMILE (Refractive Lenticular Extraction, Small Incision Lenticular Extraction), LASIK, Advanced Surface Ablation (ASA) such as LASEK, oculoplastic surgeries and general ophthalmology.

In 1997, he graduated from St Bartholomew's Hospital Medical College of the University of London that has a distinguished tradition dating back to 1123. He obtained a Master of Science degree in Immunology from Imperial College, London in 1999 where he had the opportunity to participate in basic science research in Ophthalmology.

Dr Tay has been in the practice of ophthalmology since 1999 and received basic and advanced surgical training at the internationally renowned Moorfields Eye Hospital in London. He has worked at other London teaching hospitals such as the Western Eye Hospital and Charing Cross Hospital. He is a Fellow of the Royal College of Surgeons of Edinburgh, the Royal College of Ophthalmologists and the Royal Australian and New Zealand College of Ophthalmologists.

His clinical interests include advanced cataract and laser refractive techniques.
