

## Medical Oncology

The Cancer Centre (TCC) is a silver lining of care, comfort and confidence to the community. Cancer itself can often bring up unanswered questions that relate to life, family and an uncertain future. The condition however, does not have to leave your patient or his or her loved ones unsure. Regardless of the questions that cancer may pose, we will give your patient answers... simply Because We Understand and Care.

TCC emphasizes on preventive measures, actively conducts screening and avails of innovative-targeted treatments for adult cancers using proven technologies to ensure optimal patient safety and comfort.
